

See You Face to Face

Touch my eyes, how I want to see Your glory

To meet you face to face

Touch my ears, how I long to hear Your clear voice

Let my soul be renewed

I cry out, lift my prayers unto You To You, I want to draw near You lift me up into Your sweet presence With Your power, You have touched me You are the true and living savior From creation to eternity We are in awe to Your majesty You alone are the answer in our lives

See You face to face, I don't just want to hear of You Open my eyes, so I can see The glorious hope that I have in Christ

See You face to face, I don't just want to hear of You I know that You will never forsake me
By faith now I am marching on
